Ski Slide to be Addition to Winter Sports

Skiing Center at Wilmot Hills Is Expected to Attract Many

With many of the resorts around Antioch turning their attention to winter sports as well as summer recreation and with the lakes area furnishing ideal facilities in this line, a great deal of interest has greeted completion of the new ski slide in the Wilmot hills.

The Wilmot skiing center has drawn the attention of travel and sports sections of Chicago newspapers. Located only an hour's drive from Chicago, it has been hailed as "providing facilities for which skiers often travel hundreds, or even thousands of miles."

The hills offer 40 acres of open slopes. For months a crew of workers has been busy cutting trees, removing stumps, rocks and fences, and erecting ski tows and shelters. The slopes nearest the ski tows are now in such fine shape that two or three inches of snow will provide good skiing.

The Wilmot Hills are a ridge of hills half a mile south of Wilmot, Wis., on the Wisconsin-Illinois border. They extend over a half-mile, with a vertical height of 260 to 190 feet. All of the slopes are open and they vary from 450 to 1150 feet in length, affording down-hill runs more than a third of a mile long. They face east and north, and therefore retain their snow long after it has disappeared elsewhere.

Two Rope Tows Planned

The gradient varies from five percent for novices to 45 percent for experts. Two rope-type ski tows will whisk skiers quickly 1075 feet to the top of the highest peak, taking all the hard labor out of skiing. The descent is the skier's own problem—take the easy slope or come down the hard way. Additional ski tows have been provided for, it is announced, and will be installed as the necessity arises.

Patrons will be able to get sandwiches, beverages and light lunches at the Skier's hut at the bottom of the hill, and a tiny shelter where they can dash out of the wind has been erected on the top of the ridge.

The terrain includes a natural jumping hill of modest proportions, where jumps up to 100 feet may be made.

Instruction will also be available, according to Walter T. Stopa of 5037 North Mango avenue, Chicago, whose project this is. Free classes in downhill technique will be available to novices. For more advanced skiers, a competent professional will give private or class instruction.

Night skiing is scheduled for completion in mid-January, when the slide will be flood-lighted several evenings each week. Reliable snow reports will be obtainable from leading department and sport stores and from newspaper and radio programs handling this type of information. Direct reports will be furnished from Wilmot Hills, telephone Wilmot 492, Mr. Stopa announces.

Merchants in State Face Best Yuletide Trade in Ten Years

Illinois' retail merchants this year will have their busiest Yuletide season since 1929, with Christmas sales mounting to an estimated \$158,416,000 the National Consumers Tax Commission predicted today.

Not since the booming 1920's have the prospects of a free-spending holiday shopping spurge been so optimistic, Mrs. Melville Muckelstone, leader of the commission's drive against "consumer-penalizing" taxes, stated in the business survey report. "Throughout the country reports from business—from large industries to the small storekeeper—point to the heaviest holiday trade in 10 years," Mrs. Muckelstone added. "The buying spree, following the trend of recent months, probably will carry the year's retail sales total to \$37,916,000 for the nation, an increase of more than seven per cent over last year."

The increased Illinois trade, the NCTC report said, will mean added seasonal employment, heavier employee bonus checks and improved dividends. However, less cheering is the fact that an estimated \$24,237,648 of sales in the state will go to pay taxes which producer, manufacturer, shipper and distributor, of necessity, pass on indirectly to Christmas shoppers in the price of their purchases.

The NCTC's crusade against hidden taxes is headed in this state by Mrs. Franklin M. Miller, of Chicago, national committee member and leader of Illinois' 146 local tax study groups.

Early Mailing Urged by Postmaster Horan

"Get your Christmas packages, cards and letters mailed early enough to insure them the best possible handling," James F. Horan, Antioch postmaster, urges.

Mr. Horan points out that Christmas cards sent as first-class mail—that is, sealed and bearing a three-cent stamp like a regular letter—can be forwarded in the event the addressee has changed his post-office address, thus preserving the dignity of the greeting—and the pleased recipient won't have to pay that extra one-and-a-half cents for being wished a "Merry Christmas."

U. S. Historical Exhibit at High School Wednesday

A great historical exhibition, acclaimed as one of the most outstanding truly American collections ever exhibited outside the great museums, and the only one of its kind in existence, may be seen at the Antioch High School gymnasium Wednesday, Dec. 13, from 9 a. m. to 5 p. m.

Many of the items start before the Revolutionary war and run entirely through the great World War. Historical event papers such as the ones pertaining to the deaths of Washington, Lincoln, Garfield, McKinley and many others are outstanding in the collections.

Many thousands of the first American family names are to be found in the early news dating as far back as the year 1704 and the collection is often a source of great interest in tracing authentic family connections.

The many curious and strange illustrations attract a great deal of attention and give a vivid insight regarding the lives of the people living in the early days of our country. Sea battles, pirates, great American disasters, inventions, medicine, law, Indians, religion and countless other items are fully covered in this great panorama of early American history. People who are truly interested in early American history can spend many worthwhile hours studying these valuable and authentic documents and papers.

One of the interesting newspapers of great historical value is one published in New York City May 1, 1789, which gives the story of the inauguration of George Washington as president. The following is an excerpt from the paper:

Washington Inaugural
"Yesterday the great and illustrious Washington, the favorite son of liberty and deliverer of his country, entered upon the execution of the office of the first magistrate of the United States of America; to which important station he had been unanimously called by the united voice of the people. The certain ceremony which took place on this occasion was truly grand and pleasing, and every heart seemed anxious to testify the joy it felt on so memorable an event. His excellency was escorted from his house by the troop of light dragoons and the Legion under command of Colonel Lewis, attended by a committee of the Senate and House of Representatives, to Federal Hall, where he was formally received by both Houses of Congress, assembled in the senate chamber after which he was conducted to the gallery in front of the hall accompanied by all the members, when oath described by the constitution was administered to him by Chancellor of his state who then said, 'Long live George Washington, President of the United States,' which was answered by an immense concourse of citizens assembled on the occasion, by the loudest plaudits and acclamation, that love and veneration ever inspired. His excellency then made a speech to both houses and then proceeded, attended by Congress, to St. Paul's church, where divine service was performed by Right Reverend Samuel Prevost, after which his excellency was conducted in form to his own house. In the evening a most magnificent and brilliant display of fireworks was exhibited at the fort under the direction of Colonel Bauman. The houses of the French and Spanish ministers were illuminated in a superb and elegant manner, a number of beautiful transparent paintings were exhibited which did infinite credit to the parties concerned in the design and execution!"

Autos Collide

Automobiles driven by R. H. Childers and Andrew Wedeen were involved in a collision Friday afternoon at 5:30 o'clock at the corner of Lake and Spafford streets. Neither of the drivers was seriously injured, although the automobiles were damaged. Slippery streets and a light, misty rain were blamed as contributory causes of the accident.

Three Groups at St. Peter's Name Officers

Holy Name, Altar and Rosary and Sodality Hold Elections

Three organizations of St. Peter's parish held elections of officers at meetings Monday evening at the church. They were the Altar and Rosary society, the Young Ladies' sodality, and the Holy Name society. The new officers are:

Altar and Rosary society—Mrs. Mary Cosgrove, president; Miss Janice Kaple, vice-president; Mrs. Mildred Cernak, secretary; and Mrs. Meredith Mattes, treasurer. The membership is 25.

The Young Ladies' sodality—Miss Mary Cosgrove, president; Miss Janice Kaple, vice-president; Miss Mildred Cernak, secretary; and Mrs. Meredith Mattes, treasurer. The membership is 25.

Men's Organization
Holy Name Society—Robert Dunn, president; Robert Chinn, vice-president; Alfred Pederson, secretary; John Fitzgerald, treasurer and Lyle Techert, marshal. There are 70 members.

Following the election, cards and dancing were enjoyed with refreshments served by the Holy Name members.

Lights Go up and Antioch Gets Set for Yule Festivities

Strings of colored lights festooned across streets in the town's main business section are helping of evenings to bring home to Antioch folks the realization that although the weather may be as of September, Christmas is only 14 shopping days off.

Today, also, the Antioch News brings out its annual Christmas shopping edition, replete with suggestions for gifts for "Mom," "Pop," "the kids," the home, the girl friend, and all others whom the busy shopper must remember at this season.

In the stores, merchants are busy setting forth their Christmas wares in attractive window displays and counter arrangements.

Antioch's municipal Christmas tree has already arrived, and Mayor George B. Bartlett announces that it will be put up today providing the brisk west wind abates somewhat, or at the latest tomorrow.

Village Christmas plans which were to have been completed at a meeting of the village board Tuesday evening were side-tracked somewhat by business affairs, but will be taken up again at a special session next Wednesday evening.

Carols will be broadcast over a loud-speaker system during Christmas week—this part of the village program being under the charge of the Lions club.

A "treat" for the children and the distribution of Christmas baskets will be other features of the local observance.

Mr. and Mrs. Carl Ball, former residents of Antioch, now of Waukegan, were calling on friends here Tuesday afternoon.

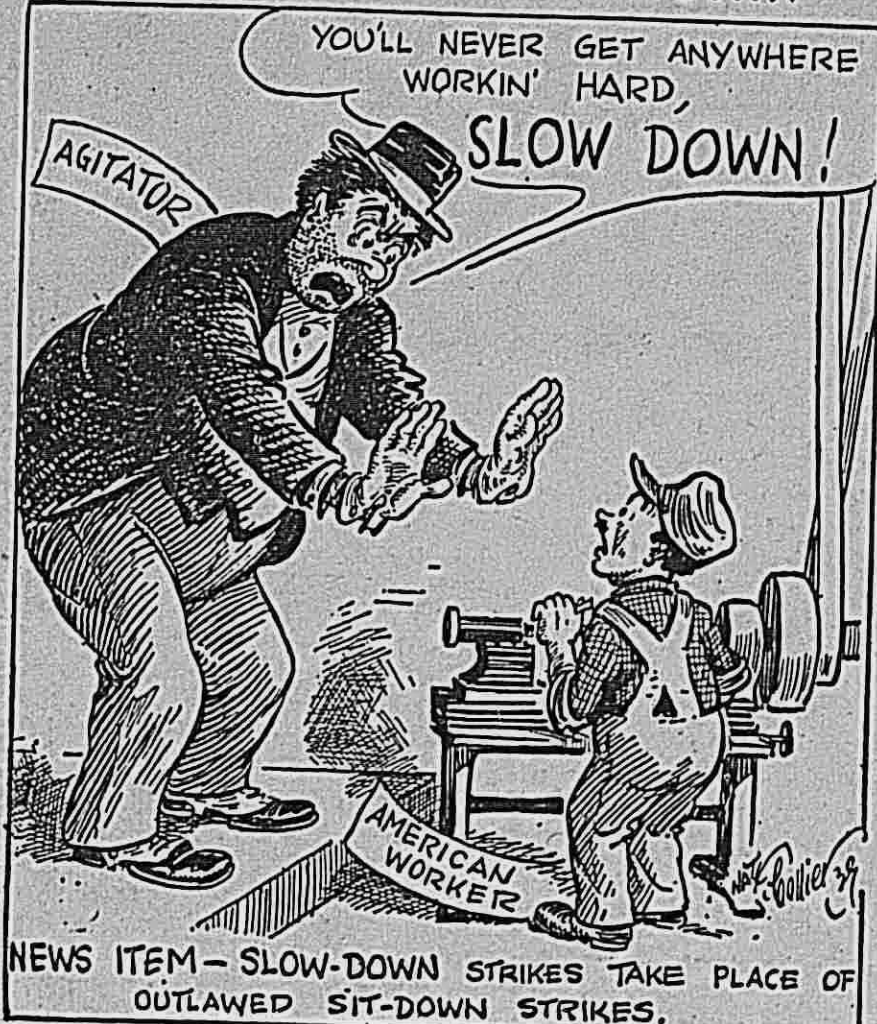

Mr. and Mrs. S. Boyer Nelson made a business trip to Racine, Wis., Wednesday.

H. S. to Open Conference Games Friday

Ela Will Be First Basketball Opponent in Game Here

Antioch Township High school basketball teams will open their conference season with a double header game against Ela High of Lake Zurich this Friday evening in the local gymnasium. The games are scheduled to open at 7:30 p. m.

In pre-season games this far, Antioch has won over Richmond, but has lost two games to Waukegan and one to Zion.

During these preliminary skirmishes, Coach R. H. Childers has been working out different combinations of players in the endeavor to find a scoring five who can work well together. Have Light Team

The Antioch team this year will be somewhat on the "lightweight" side. The average weight of the players is about 140 pounds, and the average height five feet, eight inches.

More games have been entered on the schedule this year than were played during the 1938-39 season. They include the following:

Home Games
Richmond, Tues., Nov. 21.
Waukegan, Tuesday, Dec. 5.
*Ela, (Lake Zurich) Friday, Dec. 5.

Local Instructor on Dundee Adult Night School Program

C. L. Kutil, instructor of vocational agriculture at Antioch High school, spoke on the subject, "Renovation of Old Sod-bound Blue Grass Pastures" at the Dundee Community Night school on Monday evening.

This was the second of a series of ten talks that are to be given during the winter months. Others who will appear on the program are Prof. Graber and Prof. Briggs of the University of Wisconsin; Profs. Bauer and Smith of Illinois; and Jack Nesbit of Hoard's Dairyman.

A group of forty farmers were in attendance on Monday, when Mr. Kutil discussed the problem of renewing old hillside pastures.

Large Crowds Enjoy "WLS" Program Here

Amateur Entertainment Sponsored by Legion Is Attended by 1,200

A total of \$137.69 to be used for the benefit of the Junior Legion Drum and Bugle corps was cleared by the "WLS Home Talent Show" sponsored by the Antioch American Legion post Thursday, Friday and Saturday evenings in the Antioch High school auditorium. The "gross take" before deducting expenses was \$315.57.

The hall was packed Saturday evening by the enthusiastic audience of 500 attending. Friday and Thursday evenings' attendances were 400 and 300 persons, respectively. The Legion auxiliary members realized \$18 on their share of the profit for the candy sales.

Visitors from as far as Racine and Milwaukee to the north and Chicago to the south were attracted to the entertainment, and talent was assembled from a radius of 60 miles.

Because of the large array of talent available, Miss Gladys Jones, dramatic coach from WLS, was able to arrange for a different program each evening.

In Chicago Broadcast

From among the many fine numbers, WLS talent scouts selected Clem and Vince Adams of McHenry, two tall boys appearing under the title of "Twelve Feet of Harmony," as a representative act. The Adams boys sang on the "WLS Amateur Hour" program broadcast Saturday noon and were heard by many who also enjoyed their performance at the high school.

Besides Antioch, many other towns were represented on the program, including Arlington Heights, Waukegan, Racine, Burlington, Woodstock, Lake Geneva and Libertyville, as well as communities nearer home.

First Shipment of New Ford Tractors Arrives

The first large shipment of new Ford tractors with Ferguson wheel-less implements for local distribution arrived at Antioch Garage, recently appointed dealer for Lake county.

The shipment consisted of 7 tractors and a stock of Ferguson wheel-less implements including plows and two types of cultivators, which are controlled by the built-in hydraulic mechanism.

Mr. Rosing is optimistic regarding business possibilities with this new type mechanized farm equipment. He states that it is designed to meet the requirements of the majority of farmers and that it is so simple, effective and economical in operation that it should sell readily.

Arrangements are already underway for demonstrations of the new tractor and implements on local farms, said Mr. Rosing. Farmers will be invited to attend these demonstrations where they can gain first hand knowledge of this different kind of power farming.

"The most revolutionary feature of the new Ford tractor is the power and traction it develops although it weighs only about 2,000 pounds. The hydraulic control and special coupling makes it possible to use this lightweight tractor for heavy jobs such as plowing with two bottoms. Because dead weight is not needed for traction such work can be done on one gallon of fuel an hour even under difficult soil conditions," said Mr. Rosing.

The tractor and implements are now on display at Antioch Garage show-rooms.

4-H Boys and Girls To Receive Awards At Achievement Program

Farm and Home bureau members and friends are invited to attend the 4-H Achievement program to be held Wednesday, December 13, at 8 p. m. in the Grayslake school auditorium, according to an announcement sent out this week by H. C. Glickerson, Lake County Farm Adviser, and Helen Volk, home adviser.

The program will consist of movies singing, reports, short talks and the awarding of pins, certificates, seals and premiums.

County Eight et 40 Now Has 21 Members

The Lake County Salon of the Eight et 40 now has a total membership of 21, it was announced following the monthly meeting of the group held Tuesday evening at the home of Mrs. Almond Thurlwell in Grayslake. The newest members who were initiated at the meeting are Mrs. Noel White and Mrs. George Nickson of Fox Lake.

Members attending from Antioch were Mesdames William Ward, Paul Chase, John Zimmerman and William Phillips.

The Child Welfare chairman, Mrs. William Whyte, reported furnishing clothing for the Orphans sponsored by this organization at the Lake Bluff Orphanage as well as sending birthday cards to the children at the Jewish National Hospital at Denver whose birthdays occur during the month of December.

The Salon voted to contribute to the Lake County Tuberculosis seal sale as well as aid in the sale of these seals.

Members of this organization voted to join with the Forty and Eight to hold a New Year's party at the Legion Home in Waukegan. A committee consisting of Mesdames John Zimmerman, Antioch, Mrs. William Ward, Antioch and Mrs. George Heckinger, Waukegan, were appointed to work with the Forty and Eight. Reservations for the affair are limited to seventy-five couples and must be in the hands of the committee for either organization before Dec. 27.

O. E. S. OFFICERS NAME COMMITTEES

Committees for the coming year were appointed by the Officers club of the Antioch Eastern Star chapter at a meeting held Tuesday evening in the Masonic temple.

An instruction meeting for the Star officers will be held Sunday afternoon at 2 o'clock in the Masonic hall.

Scrambled Eggs

The recent defeats suffered at the polls by the "ham and eggs" plans in California and Ohio are important to consider for a number of reasons. Not the least instructive of these reasons is the light that the whole "ham and eggs" scramble throws on the processes of representative democracy.

This, in brief, was the background of events in the case:

The idea of having the state give so much each week to all its citizens over a certain age was, of course, an offshoot of the Townsend plan. When individuals in California and Ohio first set the elective machinery in motion to get these measures passed, the sentiment for them seemed like a ball of fire in dry grass. Like so many economic impossibilities of the last few years, "ham and eggs" appeared delightfully simple when first suggested.

Then the economists advanced their learned arguments why the plan wouldn't work. They appealed to Gresham's Law, to the monetary experiences of ancient Rome, to this, to that, and the other.

But in the end it was the average man, enjoying his democratic right of free speech and free discussion, who effected the downfall of "ham and eggs." He talked it over with his next-door neighbor. He talked it over with his storekeeper. They decided that the objective of the plan, to bring security to the state's elders, was a worthy one, but they brought their common sense to bear on the actual mechanics of the plan and decided it wouldn't work. And when the test came, they voted "ham and eggs" out the window.

California and Ohio provide a healthy reminder that, under representative democracy, if the man in the street really has time to thresh a problem out he comes to a pretty reasonable conclusion. It may not always work that way, but there's a better chance of its happening under the American system than under any other the world has ever known.

Light of Freedom

Those who used to forecast that if a war broke out in Europe sentiment in this country would swiftly grow martial, were apparently mistaken. All the evidence indicates that the great bulk of our citizens are grimly determined that this time we shall stay out—and that, irrespective of our sympathies, Europe's quarrels are not ours.

Certainly there is reason in this point of view. For if the war goes on for years to a bitter and exhausted end, all that is best in Europe will be submerged, perhaps for generations. It is here, in the Western hemisphere where there has been no major war for three-quarters of a century, that the fruits of civilization must be protected and nurtured and developed. We have many big jobs to do at home in these unpredictable times. And the biggest of those jobs is to see that the light of freedom, which has been extinguished in so much of the world, is kept burning here undimmed.

The New Frontier

(From the Flint, Mich., Journal)

Once upon a time the word pioneer meant the man or woman who went out to the frontier, the wilderness, to settle new land and pave the way for further colonization. There is no such frontier in this country now and the modern pioneer is one who explores in other directions.

We are an industrial, commercial and financial country now and the pioneering is in other activities. The National Association of Manufacturers recognizes that situation through its new plan for prizes to outstanding inventors and research workers which will be awarded in 1940, the year of the 150th anniversary of the founding of the American Patent System.

The pioneer on the modern frontier," says the association, "of science and technology likewise ventures into the unknown and conquers it. He pushes forward man's knowledge into productive uses."

That is what we want and need now.

* * *

Word from Washington is that the President has again dodged the third term issue. He wants to be sure, before making an announcement just how many of "mah friends" are still "mah friends."

One problem to consider is how we could finance our part of another World War when we can't even balance our budget in an era of peace and neutrality.

The officers ask all members to be present if possible.

Charles Thorn and his niece, Mrs. Irene Blanchard have gone to Florida to spend the winter.

The Volunteer Fire department and Village Board have decided that the children and young people need a skating pond so will flood the Hooper property at the rear of the Public Service building as soon as the weather is cold enough.

Lynn-Brown

Simplicity marked the candle light wedding ceremony of Gertrude Louise Lynn of Lake Villa and James Miller Brown of Pasadena, Cal., and Rancaqua, Crile. They were married on Dec. 2nd, in the Lake Villa Community church at 4 in the afternoon. The vows were heard by Dr. Douglas H. Cornell of the Glencoe Union church and Rev. Ira B. Allen of the Lake Villa church. The bride, wearing a white brocade wedding gown with leg-o-mutton sleeves and a long train and full length veil was given in marriage by her brother, Richard F. Lynn. She carried a colonial bouquet of gardenias and white roses.

The bride's sister, Marjorie, as maid of honor, wore a faile taffeta gown of old rose, with puffed sleeves and a bustle. The bridesmaids, identically attired in Windsor blue gowns, were Mary Kay, another sister of the bride, Mrs. Richard F. Lynn and Mrs. Joseph L. McKloeden of Prairie City, Ia., who was the bride's room-mate at Grinnell, Iowa, where the bride and groom first met. Feather birds worn in to match the gowns were worn in their hair. They carried bouquets of yellow button chrysanthemums and blue forget-me-nots. Mrs. Lynn wore royal blue crepe with dubonnet accessories and wore gardenias.

A reception at the bride's home, Cedar Crest farm, followed the ceremony, after which the young couple left for a month's visit with the bridegroom's parents in Pasadena, Cal. They will spend a few days in Lake Villa on their way to the East coast, and will sail from New York the latter part of January via the Grace line and expect to be in their new home in Chile, South America, about the first of March. Mr. Brown has spent three years with the Braden Copper com-

pany and has signed a contract for another three years. Their new home is 9,000 feet up in the Andes and the climate never drops below zero. They will have as friends and neighbors 200 other white families and will be able to enjoy many sports and pastimes. There were out of town guests at the wedding from St. Paul, Minn.; Ottumwa and Prairie City, Iowa; Moline, Silvis, Joliet, Chicago Heights, St. Charles, Barrington, Des Plaines, Ill. A cablegram from Winnetka, Ill. A cablegram from Chile and telegrams of congratulation from Alaska, California and Virginia were received, besides many local telegrams.

Pontiac moves to the head of the "Class"

JUST TAKE one look at a 1940 Pontiac and you'll know why motoring America acclaims it the style sensation of the year. From that sparkling front-end with its distinctive Silver Streak to the gracefully moulded trunk, it's got what it takes to be the Nation's Number One Beauty. And matching that beauty is infinitely more than you'd ever expect at a price so close to the lowest: a rich and luxurious interior; added room born of

added length and width; an engine that works miracles with every mile and every gallon of gas—quality through and through! Here's a low-priced car that steps you right up into the head of the "class." Better go see it today!

AND UP *delivered at Pontiac, Mich. Transportation based on rail rates, state and local taxes (if any), optional equipment—white sidewall tires and accessories—extra. Prices subject to change without notice. General Motors terms to suit your purse.

Antioch Couple Visit Mexico on Honeymoon

Word has been received by their families here that Mr. and Mrs. Earl Gibbs, whose marriage took place last Thursday, have arrived at the Mexican border on their honeymoon trip through the southwestern states, and are planning to go on to Mexico City. They also plan to visit other points of interest before returning to Antioch just before the Christmas holidays.

Mr. Gibbs and his bride, the former Genevieve Willie Mongan, were united in marriage at a quiet ceremony in Valparaiso, Ind. The Rev. Russell B. Kern, pastor of the Valparaiso Methodist church, officiated.

The bride is the daughter of Mrs. Mary Willey of Antioch. Mr. Gibbs, who is the manager of the Great Atlantic and Pacific Tea company store in Antioch, is the son of Mr. and Mrs. Robert Gibbs of Richmond.

Woman's Club Hears Talk on "Physique"

Carrie Van Lissel, a member of the faculty at Friends university, Wichita, Kansas, was the speaker at a meeting held by the Antioch Woman's club Monday evening at the home of Mrs. John Brogan.

Taking as her subject "Your Physique and You," Miss Lissel spoke interestingly on methods of improving one's health and on the importance of good health in one's daily life.

A luncheon was served after the program. Misses P. E. Chinn, William Rosing and W. W. Warner assisted Mrs. Brogan on the hostess committee.

Mr. and Mrs. John Gaa and daughter, Virginia, returned Monday afternoon from Bloomfield, Neb., where they were called last Tuesday by word that Mr. Gaa's brother, Arthur was ill. On their arrival they found that Arthur Gaa had been removed to the hospital at Omaha, where he will remain under treatment for the next three or four weeks. He is now getting along fairly well. While driving near Omaha one evening, the Gaas had the experience of going through one of the "dust bowl" sandstorms. Many of the farms in the dust bowl region are being abandoned, they stated, and others show the effects of scanty rainfall. In some places there has been no rain since last August.

MOTHERS' CLUB PLANS CHRISTMAS PARTY

A review by Mrs. W. C. Petty and a discussion on "Books for Children" led by Mrs. William Kufalk will be a part of the program at a meeting to be held by the Antioch Mothers' club Tuesday evening, Dec. 12. The club's annual Christmas party will also take place in connection with this meeting, which is to be at the home of Mrs. Roy Kufalk.

Each member is being requested to bring a ten cent gift for exchange, and to come prepared to present a Christmas thought or verse.

Mrs. Mollie Somerville was hostess at a postponed Thanksgiving dinner at her home Sunday to Mr. and Mrs. Harold Johnson and Carl Orello, Freeport, Ill.; Mr. and Mrs. Earl Somerville, Kankakee; Mrs. Emma Miller and Miss Adele Miller, Des Plaines.

It is said that Frank Siddall, the great soap manufacturer of Philadelphia, never used fence painting or circulars for advertising, but stuck to the newspaper; yet he became a millionaire. How strange! — Progress. There is nothing strange about this when you remember Mr. Siddall was the gentleman who said that "People who never read newspapers don't use soap."

The fact that the Booth Fisheries company of Chicago, to which Waukegan commercial fishermen ship their product, has in three months earned nearly \$120,000 to be paid off in dividends has set fishermen and others to thinking ahead about 10 years in connection with a Waukegan fish market and a plan of distribution for lake products over the Waukegan, Rockford and Elgin Traction company line, provided that it is built. The fact of significance in regard to the new scheme is that it is true that even towns as near as Libertyville rarely see or have on their tables fish other than the refrigerated product, the age of which no one knows, or than some itinerant vendor.

Dead End Kids in
Person at Genesee

The Genesee Theatre is presenting an unusual stage attraction next Thursday, Dec. 14, when the famous Dead End Kids of the Movies, the Dead End Kids will appear in person heading a stage show consisting of five acts of big time vaudeville.

They have starred in many screen attractions, their latest being "Hell's Kitchen" and "Angels Wash Their Faces." They are now on a personal appearance tour and have just completed an engagement at the State and Lake Theatre in Chicago.

The Dead End Kids who are on tour include Spit, Milt, Dippy and TB. With them is Sam Schlepperman, Hearn, Jack Benny's "Hello Stranger" kibitzer.

There will be four complete stage and screen shows Thursday, with the first performance starting at 1:30.

South Sea Island
Play Is Dramatic

Treat, J. B. Says

"Hell's Garden," the first tropical play presented here in years will be seen on the Crystal stage here next Thursday night, J. B. Rotnour, manager of the Rotnour Players has announced.

Mr. Lang, stage manager, has all the special stage settings and lighting effects to make the production a success. Mr. LeRoy, who recently returned to the company after having recovered from slight injuries he received in an auto accident, will be seen in the character of the ex-governor of the island. Special vodvil numbers will be introduced, including the quartet, Jimmy Parsons and his laughing saxophone, and other specialty numbers. Free merchants tickets may be had from business firms listed in the Crystal ad.

Tonight the company presents "The Slow Poke."

"Frontier Marshal" at
Roosevelt Friday Only

The Roosevelt Theatre in Kenosha offers another full week of outstanding screen activities which will start with the one day program scheduled for Friday only, and which consists of an exciting outdoor drama, "The Frontier Marshal" with Randolph Scott in the leading role. On this same program, "Code of the Secret Service" with Ronald Reagan will be shown. The regular Friday night stage feature, "Crazy Auction," which has attracted capacity attendance will also be presented by Mr. Exton who offers his audiences many good hearty laughs with this exclusive Roosevelt Theatre activity. To those who have not attended a "Crazy Auction" party, you will find it full of surprises during its ten minutes' duration.

Starting Saturday and continuing for three days, "In Name Only" with Cary Grant, Carole Lombard and Kay Francis will be presented in conjunction with a story of the seas, "Coast Guard."

Tuesday, Wednesday and Thursday another two feature mid-week program will be given which brings together Ann Sheridan in "Winter Carnival" and a thrilling story "Behind Prison Gates."

Free parking for all patrons of the Roosevelt Theatre with an attendant in charge of the parking grounds is one of the features of the Roosevelt Theatre in Kenosha which has added much to the convenience and enjoyment of the trip to Kenosha, especially for out of town guests. Ample parking space is available directly across from the theatre at no cost to the patrons.

Rallying Cry Against TB

For 35 years tuberculosis and health associations and the medical profession have been spreading information that tuberculosis is preventable and curable. A new rallying cry used by Dr. Thomas Parran, Surgeon General of the United States Public Health Service, is "Tuberculosis can be eradicated from this nation." The techniques are available for reaching this goal. Tuberculosis Christmas Seals are helping to teach these facts about the possible eradication of this disease.

Our Reader's Views

(Editor's Note—The Antioch News invites contributions from its readers on subjects of general interest. All views expressed are those of the writers and not necessarily those of the News. Contributions must bear the written signature of the writer, although the name need not be published.)

"The Duck Situation"

The biggest news topic and most frequently heard question around this region is, "Where are all the ducks?" The answer is, "On Lake Antioch Preserve." December 5th marked the close of one of the poorest hunting seasons this part of the country has ever experienced. Reports from up north are that all the lakes are still open and many ducks still remain up there. There is no doubt but what the warm autumn weather has kept many birds from leaving for the south, but everyone knows that plenty have already gone through. Many hunters believe the Antioch Preserve, established for the first time this year with the hope of keeping the ducks around the lake region, has done more harm than actual good as far as the hunting is concerned. The ducks rest on Lake Antioch all day, feeding

in the early morning hours and after 4 p. m. until they are ready for their further trek south, whereas in former years these same ducks would be flying over the lakes, feeding on wild rice and giving the hunter a little sport for his money. Hunters are by no means against duck preserves, but they are in favor of having them far enough away from their hunting grounds so they don't take away all their fun of shooting.

The hunters are thankful for the early mudhen season this year because this at least gave them a little sport for their dollar and a half investment for a license, and all are in favor of having both the mudhen and duck season open on this early date.

—Grass Lake Reader.

(The News invites contributions from other readers as to their views on the mudhen and duck shooting seasons, and opinions pro and con on the value of the Lake Antioch refuge.)

Divorce in Canada

The steady increase of divorce in Canada is attracting the attention of sociologists and statisticians of the Dominion. The figures steadily mount. In 1916, there were only 114 divorces in all the country. In 1928, the figure had risen to 783 and in 1938, to 1,883.

A NEW KIND OF GO!

And now for 1940, there's
an even more beautiful, quieter,
smoother-riding Mercury 8!

Last year, 60,000 motorists gave a brand new kind of welcome to a brand new kind of go... Because Mercury 8 was so big, so brilliant in performance, so easy to handle, they boosted it up among the ten best-selling cars faster than any new car ever got there before. Waiting now at your dealer's is the second edition of Mercury 8. Still smarter, steadier, quieter than last year's. We invite you to drive it today!

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

Hitler Discredited, Friendless As Result of Finland Invasion; Reds Gird for Blow at Reich

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

EUROPE:

Finnish Finish

Moscow civilians knew only that their Premier Viacheslav Molotov had first denounced Russia's non-aggression pact with Finland, and next had broken off diplomatic relations with that little republic. But a few minutes after the second step Russian troops invaded the Karelian isthmus; Russian planes bombed Helsingfors, Viborg, Imatra and Tammelsuu; Russian warships began tossing shells all along the Gulf of Finland's northern shore. The Finnish government, which only a few hours earlier had withdrawn frontier guards and pleaded for a peaceful settlement, resigned immediately and President Kyoesti Kallio declared war. But everyone knew the Russian juggernaut would swallow his nation in a few days.

All the world watched this outrage painfully, but only the U. S. took concrete action. The charge d'affaires in Moscow was instructed to offer mediation, but nothing came of it. England and France, busy at home, had no chance to help little Finland.

Most pained of all was none other than Adolf Hitler, who must have realized all too suddenly that Finland's death at Russia's hand made him Europe's most discredited ruler. Having staved off war on two fronts in September by making friends with Russia, Der Fuehrer had seen Joe Stalin come first into Poland, next into Latvia, Estonia and Lithuania, and now into Finland, always for "defensive" purposes. Against what nation but Germany would Russia need defenses? And how easily could defenses be turned into offensive positions. (see map).

The Reich had no alternative but to "sympathize" with Russia, but nobody was fooled. By not sympathizing, Germany would automatically fall in beside the allies against Russia, thereby discrediting Adolf Hitler. There no longer remained doubt about the position of Italy, erstwhile axis partner of Germany. Marshal Italo Balbo's *Corriere d'Informazione* was outspoken in its admiration for Finland's opposition to "brutal pressure of the colossus with feet of clay."

Blockade

Magnetic mines and a valiant U-boat commander named Guenther Prien were worrying Great Britain almost to death. Commander Prien, whose submarine sank the Royal

Oak October 14, came back to destroy a 10,000-ton cruiser (according to Berlin). Two days earlier the Nazi raider, *Deutschland*, sank the man-of-war *Roualpiindi* with a loss of 250 lives.

Magnetic mines, scattered helter-skelter from airplanes, were obviously a violation of the international law which demands that nations announce the location of their mine fields. But Britain's revenge was also a violation of international law: King George signed an order blocking all German exports on neutral ships, and within 24 hours the wrath of the world was on London. Japan, refusing to recognize the blockade, threatened to seize British ships. The Netherlands and Belgium protested. Greece, one-half of whose imports come from Germany via sea, faced an economic crisis. Hearing that Britain threatened to close the Suez canal, the straits of Gibraltar and the Dardanelles, Rome's *Giornale d'Italia* departed from Italy's noncommittal attitude to offer food for thought: "The blockade is most dangerous. It may induce other people who are not yet participating in the war to . . . think that such a state of affairs cannot endure."

POLITICS:

Short & Snappy

If Franklin Roosevelt still hoped for a third term, he could take heart from the latest *Fortune* magazine poll, which claimed that 47.4 per cent of the voters want him to stay in the White House. Percentage before the war: 34.9 per cent.

Far bigger political news was the attempt of both Republicans and Democrats to jockey into position for the 1940 campaign. Each wanted to hold its convention after the other, so badly that G. O. P. Chairman John D. M. Hamilton announced the convention call would not be issued as usual, in December.

Successful at changing Thanksgiving, the President had his "spokes-

It was nice of the President . . .

men' observe that it might be a good idea to postpone both conventions from June to July—or even August. Reasons: (1) During an international crisis, a long campaign would bore the public and get small results; (2) economy.

Commented Chairman Hamilton the next day, not a little sarcastic: "Mr. Roosevelt's deep solicitude about economy in political campaigns is very amusing in view of his record . . . It seems to me the President is arrogating to himself a great deal of authority."

The jockeying continued. Mississippi's Democratic Sen. Pat Harrison wanted to defer convention until September; Republicans like Michigan's Vandenberg and Oregon's McNary again hoped to hold their session after the Democrats.

COMMERCE:

Rough Sledding

Only through broad international trade, said British Premier Neville Chamberlain a few weeks ago, can peace be assured. In Washington Secretary of State Cordell Hull echoed his words because he needed that argument to defend his reciprocal trade program. Since Europe went to war the U. S. has rushed to make treaties with South American nations whose Old world trade outlets have been cut off. The joker has been that South America's export surpluses, which she would exchange for U. S. manufactured

products, cannot be imported here without damaging domestic markets of American farmers.

One principle of the reciprocal trade program is that a low tariff concession granted any nation is immediately accorded all other lands which hold treaties. Hence, if the program keeps expanding, critics fear all U. S. tariff walls will be broken down, our self-sufficiency will be destroyed and the U. S. will become dependent on foreign sources.

Opened in Washington were hearings on a pact with Chile which would reduce tariffs on copper and beans, among other things. Since the reciprocal treaty act comes up for renewal before congress next session, it was noteworthy that three good Democratic senators (Colorado's Johnson, Arizona's Hayden and Idaho's Clark) protested. Said Johnson: "The trade program persecutes and undermines domestic enterprise . . . permits greater infiltration of foreign goods . . . trades off American jobs . . . replaces American taxpayers with foreign producers who pay no taxes here."

Even making allowance for any sectional interest these senators might have, it was pretty certain the trade act will have rough sledding in congress.

LABOR:

Anti-Strike Weapon?

Having at last settled the 54-day-old Chrysler dispute, organized labor turned its guns on the justice department for a much more important campaign. The target: Assistant Attorney General Thurman Arnold, who recently advised that unions are punishable under the

ARNOLD
Labor was afraid.

anti-trust laws if they (1) prevent use of cheaper materials; (2) compel hiring of useless labor; (3) enforce systems of graft or extortion; (4) enforce illegally fixed prices; (5) destroy an established system of collective bargaining.

A few days later A. F. of L.'s President William Green fired a protest at Attorney General Frank Murphy (whose appointment last winter was protested because he was "too friendly" to labor). Said the protest: "We do insist that the anti-trust laws cannot be invoked against labor organizations because these laws . . . do not permit prosecution." Labor's reasoning: That the Clayton act expressly exempts unions.

It took no Philadelphia lawyer to read the fear in labor's eyes. If the justice department is upheld in its present campaign against material dealers, contractors and union leaders in the building trades conspiracy case, the unions can be prosecuted in restraint of trade for all strikes.

CONGRESS:

Build-Up

By cutting expenditures in the face of increased revenues, the government hopes next year to put itself in shape for electioneering. Even so, the President admitted at Warm Springs that his planned economics are striking no impressive total. Actually, since Europe's war will necessitate a \$500,000,000 boost in defense outlays, other items must be pared tremendously to hold down the total appropriation.

Recently the President announced that any decision on new revenues must be made by congress. That body could choose between raising the \$45,000,000,000 debt limit (to be reached this year) or levying new taxes. So fearful was Mr. Roosevelt that his big defense program might be misinterpreted, that he told reporters it would be handled in a double budget: Congress will get the regular defense program first, followed by an entirely separate request for about \$500,000,000 necessitated by wars in Europe and Asia.

Wiseacres in Washington thought they had the key to next January's weather vane: If big economies are in sight, new income taxes will probably be levied on middle and lower-bracket wage earners, producing a piddling \$300,000,000 to \$500,000,000. But if another big deficit is apparent, tax adjustments will go overboard and the debt limit will be boosted.

Weddings

August L. Kohlstedt, son of Mrs.
George Kohlstedt of Randall, was
married to Miss Deloris Weichelt of
Winnetka at the Winnetka Lutheran
church at seven o'clock p. m., on Nov.
22, 1939. Their attendants were Ruth
Kohlstedt, a sister of the groom, and
Adeline Weichelt, sister of the bride.
A reception followed the ceremony at
the new home of the bridal couple in
Evanston.

The Rev. Guido C. Kohlstedt, son of
Mrs. George Kohlstedt of Randall, was
married to Miss Ruth Eckstein of
Hurley, South Dakota, at the Zion
Lutheran church at Hurley at seven
p. m. on Sunday, Nov. 26. They had
as their attendants August Kohlstedt,
a brother of the groom, and a sister
of the bride, Miss Alice Eckstein. A
reception was held at the home of the
bride's father, R. O. Eckstein, at Hur-
ley. The Rev. and Mrs. Kohlstedt
will make their home at Armour,
South Dakota, where the groom is do-
ing missionary work for the Lutheran
church.

Obituary

George J. Kohlstedt, 66, of Randall,
died at his warm home early Friday
morning, Dec. 1. Mr. Kohlstedt was
born at Maunee, Ill., on Nov. 3, 1873,
later moving to Ashland and then to
Randall where he spent the last eleven
years of his life farming.

On October 11, 190, he was married
to Caroline Heiden of Joliet who with
five sons and two daughters survive.
The sons are Elmer of Lake Geneva,
George of Salem, Albert of Yetter,
Iowa, August of Evanston and Rev.
Guido Kohlstedt of Armour, S. Dak.
The daughters are Ruth of Winnetka,
and Caroline, Mrs. Frank Blair, of
Randall. Nine grandchildren and a
sister, Mrs. Huldah Kropf, of Joliet,
also survive.

Mr. Kohlstedt died following a
stroke the previous Sunday evening,
Nov. 26. At the time of his seizure
Mr. Kohlstedt was arranging cans in
a milk tank and fell in. He managed
to escape drowning, but could not get
out. His plight was discovered by
his son-in-law, Frank Blair, who car-
ried him to the house. Medical care
was summoned at once, but he re-
mained critically ill, dying the follow-
ing Friday.

House services were held at 1:30 p.
m. Sunday and at the Peace Evan-
gelical church in Wilmot at two o-
clock the with Rev. R. P. Otto of-
ficiating. Burial was in the Wilmot
cemetery.

GRASS LAKE

Miss Clara Haling, Correspondent This time of year brings other things besides the outlook for winter sports. And Bobby Steiskal was one of the first to find this out. Bobby is home with the chicken pox. Billy Dunworth and Billy Meyer also have the same sickness.

The Hi-Ho club has resumed its winter parties and Mrs. John Yopp entertained last week. Prizes in pinocle were won by Mrs. Peter Waldweiler and Miss Clara Haling.

Besides the Hi-Ho, two other clubs hold sway in our community. Mrs. A. Carlson entertained the one last Thursday when Mrs. Gross, Esther Dunworth and Mrs. Malek won the prizes. Mrs. Carlson also played hostess to the third club on Tuesday of this week and prizes were awarded to Mrs. Malek, Eleanor Micheli and Mrs. Carlson.

Winter time means a change of address for many of our local folks. Mr. and Mrs. Peter Waldweiler have

A GOOD DAY—
to go by Telephone

It's always fair weather for errands, if you go by telephone. When Nature turns on snow or rain or ice, you can shop or visit or make appointments in snug comfort, simply by lifting the telephone at your elbow.

Have you marketing to do—plans to settle—children to round up for dinner? Send the telephone! Smell smoke? Need the doctor? Hear a noise in the night? Your telephone summons help in seconds! What else can aid you in so many ways, or so often—and at such a cheap price—as your telephone?

Ford Tractor Operates Economically

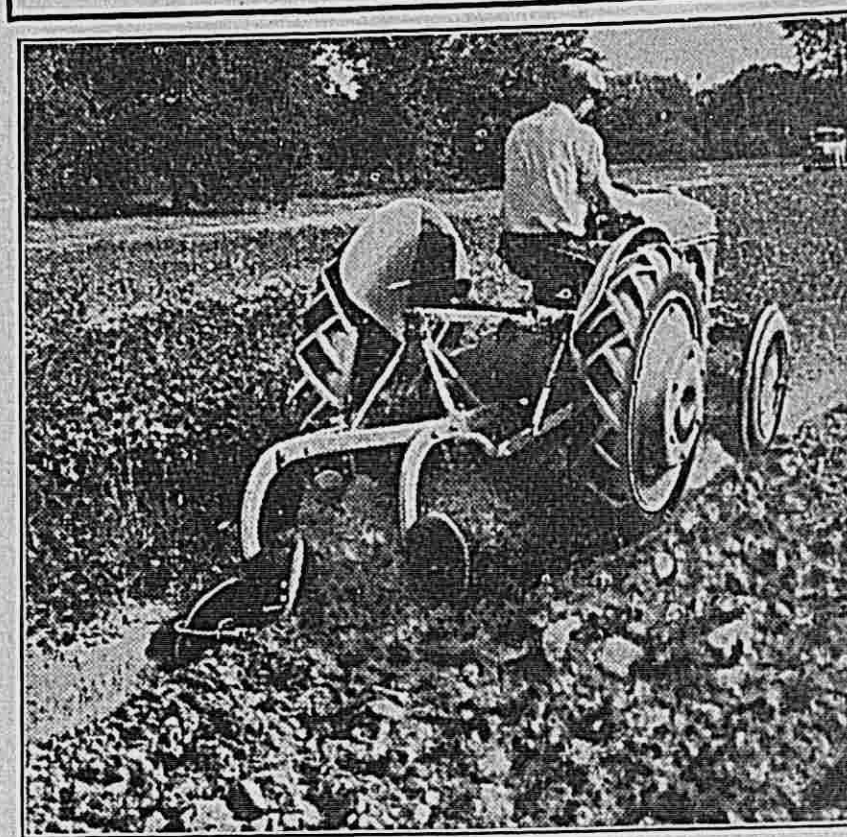

PHOTO SHOWS the new Ford tractor with Ferguson plow in action. The operator merely steers in a straight line to obtain perfect plowing results. The Ferguson system hydraulic mechanism keeps the plows at a uniform depth and operates without attention except at the ends of the field. Then a convenient, easily-operated lever is moved to lift and lower the plow when turning. The tractor pulls a two-bottom 14-inch plow with ease, and because of its light weight gives remarkably low fuel consumption, average fuel consumption being one gallon an hour. The tractor with plow attached can be turned on an eight-foot headland, and worked in fence corners.
